FLOOR DEBATE

March 5, 2002 LB 58

SENATOR COORDSEN: (Laughter) This was pick on...yes.

SENATOR CUDABACK: Did you wish to close or did you wish to speak?

SENATOR COORDSEN: I was...I didn't know if I was going to get done with the conversation with Senator Janssen. So I'll waive off this time.

SENATOR CUDABACK: Are you...there are no further lights then. If you wish to close you may if you wish to.

SENATOR COORDSEN: Thank you, Mr. President. I would move for the adoption of AM2811. I think we've plowed that back and forth. And I was reminded very kindly of my words on another issue that, with respect to the constitution, that less words were more, and so perhaps I was guilty of violating my own principles with the comment of more words were better. But beyond that, I think that after the...after significant number of meetings, with the involvement of Mr. Marienau, who is probably as well versed in the area of insurance as any individual that I know in the state, this is what we believe to be a reasonable solution to a situation that does exist and it is real. And its success does, though, depend, to a large extent, upon both the conduct of the adjusters and the insurance companies and the Department of Insurance in conducting their examinations. With that I would ask for the adoption of AM2811, which becomes the bill.

SENATOR CUDABACK: You've heard the closing on AM2811. The question before the body is whether that AM2811 should be adopted. All in favor vote aye, opposed nay. We're voting on the adoption of AM2811 to LB 58. Have you all voted who care to? Have you all voted who care to? Record please, Mr. Clerk.

CLERK: 27 ayes, 0 nays, Mr. President, on the adoption of Senator Coordsen's amendment.

SENATOR CUDABACK: AM2811 was adopted.
